

Worthen Library: Board of Trustees Meeting

LIBRARY DIRECTOR'S REPORT FOR OCTOBER 11TH 2021: Submitted by Keagan Calkins

Items to Discuss:

- The final report has been submitted for the LTC grant.
- We have expanded the library hours! Laura is back and will be working the after-school hours on Monday until 5pm and Thursday until 5pm.
- 23 people stopped by to try the e-bikes this weekend and all registration slots are booked.
- Idea to consider: would the library want to lend e-bikes in the future.
- This month we will be talking to local chiefs, farmers, and bartenders to start an online cooking class. The cooking classes will be of limited size and all fees will go towards Food for Thought.
- The storywalk pages were destroyed so we are in the process of laminating new ones.
- Should we look into having the school buses stop at the library after school?
- The development team had a small gathering to discuss the Worthen Scholarship* working title
